

WE NEED YOU!

WANTED

PATRON / AMBASSADOR

As we expand and have more Laughter Specialists in more areas, it is more important than ever to ensure we shout about the work we are doing - and we need YOUR HELP!

We are looking for 'Celebrity Ambassadors' to help spread the laughter bug further. Could this be you?

Are you someone in the public eye who is widely recognised and would like to support a slightly zany charity? Or perhaps you know of someone who may like to take on some charity support work? It doesn't have to be much, even just some support on social media can be enough.

To find out more please see our website or contact as below:

We need you!

Over the last 16 years, we've proved that while taking care of sick children is no laughing matter, our Saffron Walden based charity has been able to successfully expand its offering across the South-East by tickling the funny bones of vulnerable young patients and their parents at some of the

lowest points of their treatment - and even during the worst of the pandemic.

As we expand and visit children's hospitals, hospices and special needs schools across East Anglia, Essex, Hertfordshire, and Cambridgeshire and most recently The Royal Manchester Children's Hospital, we need help with finding an Ambassador / Patron to assist with a bigger footprint; help us travel to the four corners of the UK with our unique brand of Laughter Specialist skills, providing bespoke humour to connect and communicate to children often in the darkest of times.

The Laughter Specialists is only a small team of professionals, so ensuring we have the right support, businesses and team behind us to enable us to get our message out across the UK is key! We are always looking for funding, donations and corporate sponsors, but today, we are looking for an Ambassador / Patron in the limelight who can help us spread the profile of The Laughter Specialists.

Why are we contacting you I hear you ask? Perhaps you may know someone in the public eye who is widely recognised for their charitable work and would like to support our slightly zany brand, helping us reach into the hearts and potential wallets of corporate sponsors at a regional and national level. Perhaps they have a proven track record of being a national role model whose inspiration encourages others to be aspirational, or they may have a connection to a child that could benefit from our services. From anecdotes to antidotes, big laughs require big-hitter supporters and donors to support our programme which is proven to work in reducing stress and anxiety levels for young patients and their parents.

Please do spread the word on your own social media channels that we are on the lookout. We need the support of a 'role model' who can help support our fundraising efforts through mentions and endorsements. We are happy to speak with anyone interested to discuss the science behind what we do, as well as meet them before they commit.

If you know someone who may be interested in supporting to spread laughter across further regions, or indeed nationally, we'd love to hear from you.

If you would like to learn more visit <https://thelaughterspecialists.co.uk> or call Annie (Co-Founder) on 07980 570466 or email anniearis@thelaughterspecialists.co.uk

We are always looking for donations, so if you wish to show your support then you can make a donation below. We appreciate anything you can give.
